## IT Systems Administrator

Based: Hertfordshire

A vacancy has arisen for an IT Systems Administrator within Frama (UK) Ltd, a wholly owned subsidiary of Frama AG (Switzerland). The position is based at Frama's UK Head Office in Hoddesdon, Hertfordshire and requires an experienced IT Systems Administrator, preferably having gained a relevant degree in Computer Science or Engineering, although a proven record of work experience in the field will be considered.

The candidate must have at least 2-3 years experience with hardware & networking and a minimum of 2-3 years experience in systems administration. Also with a working knowledge of the following:

- Installations, upgrades and trouble shooting of Windows Server 2000/2003 & web application servers.
- Experience of working with SalesLogix Admin Tools or similar CRM database.
- Advanced database administration skills including backups/restores, monitoring of database performance.
- Web design principles and CMS administrator control.
- Ability to communicate issues and resolutions to all levels of the organisations and work within a team on developing the IT infrastructure.
- Knowledge of security applications and understanding of vulnerabilities and countermeasures.
- A basic understanding of Health & Safety principles in the B2B environment desirable.

This role requires someone who can prioritise workload has strong technical aptitude as well as being comfortable with training others and communicating at all levels of the organisation.

Closing date for applications: **April 30th 2010**
